## It's a Pleasure to Trade at This Store Because You are Never Disappointed With fictitious advertising

You will be surprised when we tell you that hardly a day passes but what some one compliments us on our store service and policy—people who trade all over, buying here, there and anywhere—whereby they can save money and secure better values. We are bound to win out in the pursuance of our policy, it may be soon or later, but eventually, every Man and Woman in Hondo and surrounding territory will realize the fact that we never misrepresent or exaggerate our value prices—we don't try to mislead by fictitious advertising. We state only the truth, and if we fail to attract your attention with our offering it will be for lack of sensationalism and not values.

## The Wit and The Bee.

(William J. Bartscher)

A certain young wit  
While walking a bit,  
Saw a sign in the trees—  
"Beware of the bees."

No bee saw the wit,  
So quickly he writ  
On the sign in the trees—  
"Say, were be the bees?"

And then a bee lit  
On the nose of the wit,  
And clear made to him  
Where the bee had been.

SOMETIMES it is the strength of others' faith that keeps our own faith whole.—Ex.

HAVE you dug for the bonus for the oil mill? He does most who does what he can do quickly!

WE never reach our ideals because they change as we change; so they do not remain constant.—Ex.

THOSE people who are contented to drift along sometimes strike a snag that upsets their little barque.—Ex.

THERE is never a problem without its solution, and the solution can not come before the problem. That is why worrying is such a silly habit.—Ex.

LOOK out for the mosquitoes! The rain has made countless breeding places for these spreaders of disease and too much care can not be exercised to keep down the nuisance.

It is to be hoped that whatever differences that exist between the land owners at Yancey and their Mexican tenants can be amicably adjusted without loss to either party. Prospects are favorable now for an abundant harvest and prosperous times and it would be a great misfortune to all concerned to have these prospects marred by differences that should not exist.

It is best to be optimistic when we talk about the weather. All weather is in reality good, but some of it is better than the rest. It is none other than the famous Ruskin who tells us that "Sunshine is delicious, rain is refreshing, wind is bracing, snow is exhilarating, and that there is no such thing as bad weather." Such cheerful philosophy surely conduces to a long life and a happy one, in contentment with conditions as they are so long as it is not within our power to change them, and we presume Ruskin had this idea in mind when he wrote so encouragingly about the elements dispensed by the weather man.—Ex.

MEN earn money that they may enjoy it. Some spend it one way and some another, but all have the same object—the attainment of that pleasure which they desire. For instance, if one man wants to spend his in putting up a bonus to establish prohibition papers to teach his neighbor how to regulate his personal habits or run his private affairs that is his privilege, and we hope he gets all of the pleasure out of it that he expects. On the other hand, if a man wants to spend his for liquor by the same token that is his business, and only a fool or a fanatic feels called upon to butt in. Not all can find pleasure in the same thing but all are entitled to their pleasure.

This well was drilled by Rich. Schwartz of Hondo.

Hy. Wernette and Joe Karrer returned Sunday from Yancey where they had been attending a county meeting of the Farmers' Union. They reported having a very successful meeting and a good time, going and coming and the farms in that community are in fine shape, especially that of the hard earnest worker, Jos. Langfeld. Few of the farms had considerable damage done by the cut worms in the cotton.

Errieh Rothe, Louis Richter and Jacob Rothe were in town Friday on business. The wagons were loaded with an International Hay Press and also cultivating implements which they purchased from Chas Boog, the agent at this place. They say business is picking up on the farm.

Is there anything in all this world that is of more importance to you than good digestion? Food must be eaten to sustain life and must be digested and converted into blood. When the digestion fails the whole body suffers.

Chamberlain's Tablets are a rational and reliable cure for indigestion. They increase the flow of bile, purify the blood, strengthen the stomach, and tone up the whole digestive apparatus to a natural and healthy action. For sale by all Dealers.

It's better to settle a quarrel without outside interference!

Stiff neck is not only painful but annoying. To get rid of it quickly rub the affected part with Ballard's Snow Liniment. It penetrates the flesh and relaxes the muscles so that the pain ceases immediately. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

A girl who uses paint isn't always the picture of health!

For soreness of the muscles whether induced by violent exercise or injury, Chamberlain's Liniment is excellent. This liniment is also highly esteemed for the relief it affords in cases of rheumatism. Sold by all Dealers.

A woman seldom is younger than a man thinks she is!

Sick headache results from a disordered condition of the stomach, and can be cured by the use of Chamberlain's Stomach and Liver Tablets. Try it. For sale by all Dealers.

Pay-day comes slowly to a man who watches the clock!

be with care the good points  
she has given her. No woman  
can have fallow skin, dull eye,

no attention to her health.  
Constitution, liver derange-  
ment, blood impurities and other  
weaknesses exist, good complex-  
ion, bright eyes and sprightly  
movements cannot exist. Internal  
disorders reveal themselves sooner  
than on the surface. Headache, dark  
circles around the eyes, fallow skin, a con-  
stant feeling—mean that the liver  
and digestive organs are needing help and  
action. Chamberlain's Stomach and  
Liver Pills give this necessary help.  
They are in nature's own way. They do not  
only flush the bowels but tone up the liver and  
help to fulfill their proper functions. So mild  
and gentle do they act that one hardly realizes  
they have taken medicine. Chamberlain's  
Pills can be relied upon to relieve biliousness,  
constipation and dizziness. Sold ev-

**Remedies are Needed**  
Were we perfect, which we are not, medicines would  
not often be needed. But since our systems have be-  
come weakened, impaired and broken down through  
indiscretions which have gone on from the early ages,  
through countless generations, remedies are needed to  
aid Nature in correcting our inherited and otherwise  
acquired weaknesses. To reach the seat of stomach  
weakness and consequent digestive troubles, there is  
nothing so good as Dr. Pierce's Golden Medical Discov-  
ery, a glyceric compound, extracted from native medi-  
cinal roots—sold for over forty years with great satisfaction to all users. For  
Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating,  
Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal  
Derangements, the "Discovery" is a time-proven and most efficient remedy.

Mr. and Mrs. Aug. Naegelin after  
residing in our midst about a year  
moved to San Antonio last Monday,  
where they in future will reside. Suc-  
cess to them.

Our popular County Attorney, R. J.  
Noonan, was a Castroville business  
visitor the first of the week.

Mr. Alex. Mangold, of this place and  
Miss Mary Spettie, of Bandera County,  
were happily united in the holy bonds of  
matrimony, at the St. Louis Cathedral  
on Tuesday morning, May 16, 1911.  
Rev. Father Heckmann officiating. The  
attendants were: Mr. Joe Rihn and  
Miss Mary Mangold and Mr. Wm. Keller  
and Miss Clara Rihn. After the cere-  
mony the bridal party and a number  
of invited guests repaired to the hospi-  
table home of the groom's parents,  
Mr. and Mrs. Louis Mangold Sr., where  
a sumptuous wedding dinner was served  
and the rest of the day, aided by the  
Castroville Military Band, was happily  
spent in feasting and celebrating the  
event. The happy young couple will  
make their future home in Bandera  
county. We join their many friends in  
wishing them Bon Voyage.

Mr. and Mrs. Gotlob Weiblen of  
Second Creek were Alamo City visitors  
Tuesday returning Wednesday.

Wm. Schmalkoke, the horse buyer,  
came in Wednesday and remained over  
until Sunday.

This immediate section was again  
visited by good showers Wednesday  
evening and Thursday morning.  
After tendering a surprise to Mr. and  
Mrs. Ad. Holzhaus, the members of  
the Castroville Military Band and their  
respective families were pleasantly en-  
tertained by the host and hostess Thurs-  
day evening.

Uncle George Aschbacher the Weiss  
Beer man of San Antonio was a Castro-  
ville business visitor Friday.

Mr. and Mrs. Hy. Zinsmeister of  
Bandera Co. came down Friday on a  
visit to Mr. Zinsmeister's sister, Mrs.  
Mary Mueller, who we are sorry to  
state is still sick.

The Castroville Military Band went  
to Biry Saturday to participate in the

may not paralyze a home so completely  
as a mother's illness. But Dr. King's  
New Life Pills are a splendid remedy

benefit in constipation and female  
trouble," wrote Mrs. M. C. Dunlap, of  
Leadhill, Tenn. If ailing, try them. 25c

**Not Enough Clergymen.**  
There is a scarcity of clergymen in  
Switzerland, says the London Daily  
Mirror. A German woman, a doctor  
of divinity, has taken advantage of  
this fact, and is trying to get herself  
appointed to fill a long-vacant pulpit in  
one of the cantons.

He left the dear homestead and the  
scenes of his youth And went forth a  
wanderer; a searcher in truth. He look-  
ed not for treasure, naught he cared to  
be rich. What he sought for was some-  
thing to cure his itch. He found it.  
Name, Hunt's Cure. Price 50c.

**A Road Builder.**  
  
T. J. RECORD.

Mr. T. J. Record, President of the  
Lamar Co. Good Roads Association, and  
a banker of Paris, Texas, whose motto  
is: "When business interferes with  
public roads, quit your business." Mr.  
Record quit his bank and managed the  
campaign for issuing \$300,000.00 in  
Road Bonds in the Paris precinct of  
Lamar County and carried the election  
by a vote of 13 to 1. A full vote was  
polled.

The Good Roads Association of La-  
mar County began its work by request-  
ing the Federal government to send an  
engineer to Paris and inspect the roads  
in the proposed district and estimate  
the cost of construction. The report  
submitted by the government expert  
showed it would cost \$5,000 per mile  
to permanently improve the road and  
a campaign on that basis for a bond  
issue of \$300,000 was opened. Any  
community in Texas can secure a simi-  
lar service from the Government free  
of cost by writing Mr. L. W. Page,  
Department of public Highways,  
Washington D. C.

A petition for a bond election was  
the next step necessary and the law re-  
quired only fifty signatures; a thousand  
signers to the petition were secured.

The master stroke in the campaign  
was sending a committee of four mem-  
bers to adjoining counties to inspect  
roads recently built by bond issues and  
to talk with farmers along the route.

The committee was composed of two  
business men who favored the bond  
issue and two prominent farmers who  
were leading the opposition. The farm-  
er members of the committee saw, heard  
and were convinced. They returned to  
Paris good roads enthusiasts and spent  
the last four days of the campaign in  
the saddle riding over the precinct like  
repentant sinners, confessing the error  
of their ways and preaching a gospel  
of progress and prosperity.

On election day captains were placed  
over each block in the city, and the  
rural districts were likewise subdivided  
and the territory covered by progressive  
farmers.

Meetings were held at seven school  
houses in the rural district each even-  
ing during the last ten days of the  
campaign and the power of the press  
thundered out for more roads. The  
campaign was a successful one and to  
the intense interest of the business  
men is credited the results of the elec-  
tion.

severe bronchial trouble for a year,"  
wrote G. T. Richardson, of Richard-  
son's Mills, Ala., "we feared it had  
consumption. It had a bad cough all  
the time. We tried many remedies  
without avail, and doctor's medicine  
seemed as useless. Finally we tried  
Dr. King's New Discovery, and are  
pleased to say that one bottle effected  
a complete cure, and our child is again  
strong and healthy." For coughs,  
colds, hoarseness, lagrippe, asthma,  
croup and sore lungs, it's the most in-  
fallible remedy that's made. Price 50c

## The Wit and The Bee.

(William J. Burtscher)

A certain young wit  
While walking a bit,  
Saw a sign in the trees—  
"Beware of the bees."

No bee saw the wit,  
So quickly he wrote  
On the sign in the trees—  
"Say, were be the bees?"

And then a bee lit  
On the nose of the wit,  
And clear made to him  
Where the bee had been.

SOMETIMES it is the strength of others' faith that keeps our own faith whole. — Ex.

HAVE you dug for the bonus for the oil mill? He does most who does what he can do quickly!

WE never reach our ideals because they change as we change; so they do not remain constant. — Ex.

THOSE people who are contented to drift along sometimes strike a snag that upsets their little barque. — Ex.

THERE is never a problem with out its solution, and the solution can not come before the problem. That is why worrying is such a silly habit. — Ex.

LOOK out for the mosquitoes! The rain has made countless breeding places for these spreaders of disease and too much care can not be exercised to keep down the nuisance.

It is to be hoped that whatever differences that exist between the land owners at Yancey and their Mexican tenants can be amicably adjusted without loss to either party. Prospects are favorable now for an abundant harvest and prosperous times and it would be a great misfortune to all concerned to have these prospects marred by differences that should not exist.

It is best to be optimistic when we talk about the weather. All weather is in reality good, but some of it is better than the rest. It is none other than the famous Ruskin who tells us that "Sunshine is delicious, rain is refreshing, wind is bracing, snow is exhilarating, and that there is no such thing as bad weather." Such cheerful philosophy surely conduces to a long life and a happy one, in contentment with conditions as they are so long as it is not within our power to change them, and we presume Ruskin had this idea in mind when he wrote so encouragingly about the elements dispensed by the weather man. — Ex.

MEN earn money that they may enjoy it. Some spend it one way and some another, but all have the same object—the attainment of that pleasure which they desire. For instance, if one man wants to spend his in putting up a bonus to establish prohibition papers to teach his neighbor how to regulate his personal habits or run his private affairs that is his privilege, and we hope he gets all of the pleasure out of it that he expects. On the other hand, if a man wants to spend his for liquor by the same token that is his business, and only a fool or a fanatic feels called upon to butt in. Not all can find pleasure in the same thing but all are entitled to their pleasure.

### Morning Reminder.

Wake with a mean, nasty

that there is nothing so good  
for a disordered stomach as  
Chamberlain's Stomach and Liver  
Pills.

### Handsomeness

Every woman may not be hand-  
some, but every woman should  
be with care the good points  
she has given her. No woman  
should have sallow skin, dull eye,  
heavy complexion, who pays  
attention to her health.  
Constipation, liver derange-  
ment, blood impurities and other  
similarities exist, good complexion,  
bright eyes and sprightly  
movements cannot exist. Internal  
obstructions reveal themselves sooner  
on the surface. Headache, dark  
around the eyes, sallow skin, a con-  
stant feeling—mean that the liver  
digestive organs are needing help and  
action. Chamberlain's Stomach and  
Liver Pills give this necessary help.  
Work in nature's own way. They do not  
flush the bowels but tone up the liver and  
enable it to fulfill its proper functions. So mild  
and gentle do they act that one hardly realizes  
they have taken medicine. Chamberlain's  
Pills can be relied upon to relieve biliousness,  
constipation and dizziness. Sold ev-  
erywhere. Price 25¢.

## Remedies are Needed

Were we perfect, which we are not, medicines would  
not often be needed. But since our systems have be-  
come weakened, impaired and broken down through  
indiscretions which have gone on from the early ages,  
through countless generations, remedies are needed to  
aid Nature in correcting our inherited and otherwise  
acquired weaknesses. To reach the seat of stomach  
weakness and consequent digestive troubles, there is  
nothing so good as Dr. Pierce's Golden Medical Discov-  
ery, a glyceric compound, extracted from native medi-  
cinal roots—sold for over forty years with great satisfaction to all users. For  
Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating,  
Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal  
Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its  
outside wrapper the  
Signature

*Dr. Pierce's*

You can't afford to accept a secret nostrum as a substitute for this non-alco-  
holic, medicine of known composition, not even though the urgent dealer may  
thereby make a little bigger profit.  
Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and  
bowels. Sugar-coated, tiny granules, easy to take as candy.

Mr. and Mrs. Aug. Naegelin after  
residing in our midst about a year  
moved to San Antonio last Monday,  
where they in future will reside. Suc-  
cess to them.

Our popular County Attorney, R. J.  
Noonan, was a Castroville business  
visitor the first of the week.

Mr. Alex. Mangold, of this place and  
Miss Mary Spettie, of Bandera County,  
were happily united in the holy bonds of  
matrimony, at the St. Louis Cathedral  
on Tuesday morning, May 16, 1911.  
Rev. Father Heckmann officiating. The  
attendants were: Mr. Joe Rihn and  
Miss Mary Mangold and Mr. Wm. Keller  
and Miss Clara Rihn. After the cere-  
mony the bridal party and a number  
of invited guests repaired to the hospi-  
table home of the groom's parents,  
Mr. and Mrs. Louis Mangold Sr., where  
a sumptuous wedding dinner was served  
and the rest of the day, aided by the  
Castroville Military Band, was happily  
spent in feasting and celebrating the  
event. The happy young couple will  
make their future home in Bandera  
county. We join their many friends in  
wishing them Bon Voyage.

Mr. and Mrs. Gotlob Weiblen of  
Second Creek were Alamo City visitors  
Tuesday returning Wednesday.

Wm. Schmalkoke, the horse buyer,  
came in Wednesday and remained over  
until Sunday.

This immediate section was again  
visited by good showers Wednesday  
evening and Thursday morning.

After tendering a surprise to Mr. and  
Mrs. Ad. Holzhaus, the members of  
the Castroville Military Band and their  
respective families were pleasantly en-  
tertained by the host and hostess Thurs-  
day evening.

Uncle George Aschbacher the Weiss  
Beer man of San Antonio was a Castro-  
ville business visitor Friday.

Mr. and Mrs. Hy. Zinsmeister of  
Bandera Co. came down Friday on a  
visit to Mr. Zinsmeister's sister, Mrs.  
Mary Mueller, who we are sorry to  
state is still sick.

The Castroville Military Band went

### Not Enough Clergymen.

There is a scarcity of clergymen in  
Switzerland, says the London Daily  
Mirror. A German woman, a doctor  
of divinity, has taken advantage of  
this fact, and is trying to get herself  
appointed to fill a long-vacant pulpit in  
one of the cantons.

### The Wanderer.

He left the dear homestead and the  
scenes of his youth And went forth a  
wanderer; a searcher in truth. He look-  
ed not for treasure, naught he cared to  
be rich. What he sought for was some-  
thing to cure his itch. He found it.  
Name, Hunt's Cure. Price 50¢.

Concert given at their new Hall.  
A pleasant surprise was tendered to  
Mr. Gus. Koenig Saturday night.  
Dancing was kept up until the wee  
small hours. Plenty of refreshments  
and lunch were served and a royal good  
old time is reported.

The infant daughter, of Mr. and Mrs.  
John Geiger of lower Medina was  
Christened at the Lutheran Church  
Sunday morning. The sponsors were:  
Rev. Walter Kralik of this place, and  
Mrs. Adelina Jones of San Antonio.

Rev. and Mrs. Walter Kralik visited

Monday.

### Died

Mr. Phil. L. Wernette died at his  
home on Sunday morning, May 21, 1911,  
and was laid to rest on Monday morn-  
ing during Requiem Mass, at the St.  
Louis Cemetery. Rev. Father Heck-  
man performed the last sad rites.

Deceased was born at Castroville,  
Feb. 5, 1866, consequently was 45 years,  
3 months and 17 days of age at the  
time of death. On November 18, 1892,  
he was happily married to Miss Mary  
Haby, which union was blessed with  
one son. Besides his grief stricken  
widow and fatherless son, the deceased  
leaves his father, John B. Wernette  
Sr., three brothers, namely Jose and  
Charles of San Antonio and John B.  
Jr. of Del Rio, and 3 sisters, Mesdames  
Frank Grimsinger, and J. W. Galbreath  
of San Antonio and Wm. Rihn of this  
place, to mourn his untimely demise.

A devout Christian, a dutiful husband  
and father, a fair minded and law-  
abiding citizen, and a kind and accom-  
modating neighbor has left our midst,  
to go to a far better land. One of the  
largest corteges of mourning relatives  
and friends ever witnessed escorted the  
mortal remains to their last resting  
place.

ceased was a member attended in a  
body. This entire community joins in  
sympathy with the bereaved and grief  
stricken ones. R. I. P.

### Doomed to Torment.

Mr. P. C. Keever, Aberdeen, Miss.,  
writes: "For years I suffered from a  
form of eczema which made life a bur-  
den. I thought I was doomed to per-  
petual torment here below, but your  
Hunt's Cure rescued me. One box did  
the work, and the trouble has never re-  
turned. Many, many thanks." Hunt's  
Cure is guaranteed. Price 50¢.

O, why should the children of Adam en-  
dure An affliction so dreadful, when  
Hunt's Cure does cure? All forms of  
itching. Price 50¢. Guaranteed.

### A Road Builder.

T. J. RECORD.

Mr. T. J. Record, President of the  
Lamar Co. Good Roads Association, and  
a banker of Paris, Texas, whose motto  
is: "When business interferes with  
public roads, quit your business." Mr.  
Record quit his bank and managed the  
campaign for issuing \$300,000.00 in  
Road Bonds in the Paris precinct of  
Lamar County and carried the election  
by a vote of 13 to 1. A full vote was  
polled.

The Good Roads Association of La-  
mar County began its work by request-  
ing the Federal government to send an  
engineer to Paris and inspect the roads  
in the proposed district and estimate  
the cost of construction. The report  
submitted by the government expert  
showed it would cost \$5,000 per mile  
to permanently improve the road and  
a campaign on that basis for a bond  
issue of \$300,000 was opened. Any  
community in Texas can secure a simi-  
lar service from the Government free  
of cost by writing Mr. L. W. Page,  
Department of public Highways,  
Washington D. C.

A petition for a bond election was  
the next step necessary and the law re-  
quired only fifty signatures; a thousand  
signers to the petition were secured.

The master stroke in the campaign  
was sending a committee of four mem-  
bers to adjoining counties to inspect  
roads recently built by bond issues and  
to talk with farmers along the route.

The committee was composed of two  
business men who favored the bond  
issue and two prominent farmers who  
were leading the opposition. The farm-  
er members of the committee saw, heard  
and were convinced. They returned to  
Paris good roads enthusiasts and spent  
the last four days of the campaign in  
the saddle riding over the precinct like  
repentant sinners, confessing the error  
of their ways and preaching a gospel  
of progress and prosperity.

On election day captains were placed  
over each block in the city, and the  
rural districts were likewise subdivided  
and the territory covered by progressive  
farmers.

Meetings were held at seven school  
houses in the rural district each even-  
ing during the last ten days of the  
campaign and the power of the press  
thundered out for more roads. The  
campaign was a successful one and to  
the intense interest of the business  
men is credited the results of the elec-  
tion.

### Saved Child From Death.

"After our child had suffered from  
severe bronchial trouble for a year,"  
wrote G. T. Richardson, of Richard-  
son's Mills, Ala., "we feared it had  
consumption. It had a bad cough all  
the time. We tried many remedies  
without avail, and doctor's medicine  
seemed as useless. Finally we tried  
Dr. King's New Discovery, and are  
pleased to say that one bottle effected  
a complete cure, and our child is again  
strong and healthy." For coughs,  
colds, hoarseness, lagrippe, asthma,  
croup and sore lungs, it's the most in-  
fallible remedy that's made. Price 50¢  
and \$1.00. Trial bottle free. Guaranteed

## Closing Exercises Of Hondo High School.

The graduating exercises of the Hondo High School took place at the Auditorium Friday night, May 10th. Rev. S. M. White, pastor of the local Baptist church, delivered the invocation after which the Commencement oration was delivered by Dr. Theophilus Lee.

Dr. Lee chose as his subject, "Obedience to the Law". He delivered a very able address and pointed out how the advancement in every line of human endeavor is dependent upon obedience to law. To be a perfect physical man one must obey physical law. To be a moral man one must obey the moral laws. To be a good citizen one must obey the laws of his land. To be welcome in the ranks of society one must obey social laws. To love God one must keep his commandments.

After Dr. Lee's address, Judge H. E. Haass, as President of the Board of Trustees (the members of which had seats on the platform), in a few appropriate remarks, delivered the diplomas to the graduating class. The graduates this year are Misses Vera Jones, Laurie Woods, Myrtle Ulbrich and Mr. Charles Spradling.

Mrs. Estelle Vore also presented three of her music pupils, Misses Johanna Rothe, Mary Kempf and Corrine Ney, with diplomas, they having completed the required work.

County Superintendent, W. N. Saathoff, was called upon for an address and responded in a most happy manner, praising the work of the Hondo High School faculty during the year just closing.

After a brief review of the year's work by Prof. T. C. Hickman the audience was dismissed.

The instrumental music throughout the program, and several songs by Miss Emily Collick and Mrs. M. L. Darby were well received.

Saturday evening, the grammar and the primary grades presented a varied programme of songs, pantomimes, drills, farces, etc., and all acquitted themselves admirably. Space will not permit mention of each feature of the program, but the song by the second and third grade boys and girls is worthy of special mention as was also the menagerie in the school by the fourth grade, the latter being something unique in its cast. The fifth grade boys brought down the house with the "Dis-pelling of Big Jim," a burnt cork comedy, and the evening closed with a lively song by the teacher and pupils of the seventh grade which sent the audience home in a most happy frame of mind.

On Monday night the closing act of the High School Commencement was enacted when the High School pupils presented "Tony—the Convict," a five

act drama, in a manner that would have done credit to many professionals. The young people had each mastered the part and it was played so well that the audience never lost interest from the time Tony (Joe Rogers) told his story of prison wrongs, until he had out-generalled the villain and stood forth an innocent and vindicated man—"no longer Tony—the Convict."

An admission fee of thirty-five cents was charged for the play in order to defray the expenses of the exercises and so well was the same patronized that about \$115.00 was realized. In fact, the capacity of the large Auditorium was taxed almost to its utmost capacity each night of the entertainment.

Taken altogether the commencement exercises as well as the work of the school throughout the session just closed has been eminently satisfactory and the people of Hondo are to be congratulated on the progress made and the success achieved.

## This Store Won't Guarantee Calomel

But We Have a Liver Medicine That We Do Guarantee With Money-Back Offer.

The next time you think you need a dose of calomel, don't take it. Even if you have taken it often before, this might be the very dose that would salivate you. Its use is sometimes followed by dangerous after-effects. If you are constipated or bilious or if your liver has gotten lazy and inactive two or three doses of Dodson's Liver-Tone, pleasant tasted vegetable liq id, will "make you feel like new."

We would not recommend Dodson's Liver-Tone in place of calomel if we were not willing to fully guarantee it. So anybody who buys a bottle of Dodson's Liver-Tone at W. H. Windrow's drug store and does not find it a perfect substitute for calomel may come into the store any day and get his or her money back.

It has absolutely no bad after-effects and is harmless for children as well as grown-ups.

**How Power is Stored up  
in a Watch to keep it  
CONSTANTLY RUNNING.**

**WATCH MAINSPRING.**

When you wind your watch you  
coil up a strip of steel about 21 inches  
long, thus storing up nearly one  
pound of power within the main  
wheel. This power is carried by a  
train of wheels to the balance, to  
which it is delivered in homeopathic  
doses that keeps it in uniform motion.  
If the spring is made of poor steel or  
improperly tempered it soon loses  
its elasticity and the watch does not  
then run alike when first wound and  
when near the end of 36 hours.  
This would not happen in a South  
Bend Watch. The South Bend main-  
spring is made of a specially blended  
steel and is tempered by men who  
have devoted their lives to that par-  
ticular operation. They do not lose  
their elasticity.

One of the first effects of State-wide Prohibition will be to destroy the admirable system of regulation which has been built up through 36 years of experimenting. During this time Texas has perfected its local option laws, which have been passed upon by the Courts and have been found so valuable that they have been adopted to a great extent by the Republic of France.

The cartoon which appears here admirably depicts this phase of the State-wide issue, and all local optionists should heed the lesson which it teaches.

#### Good Roads In Lamar County.

The above cut of Lamar county shows the district which has recently voted a bond issue of \$300,000 carried by a vote of 1179 in favor of the issue to 91 votes against it. The district is shown by a square in the center of the county and the dotted line in the map indicates the roads that are to be permanently improved. There are eight roads in all and the cost per mile will be \$5,000. The bonds run 40 years in series of \$10,000 drawing five per cent interest and are retired by sinking fund of 2 1/2 cents on the \$100 valuation to be taken from the regular tax levy and set aside annually for that purpose.

An interesting feature of the bond issue of \$300,000 in the Paris precinct of Lamar county is the fact that it does not increase the tax rate; this was accomplished by methods which in all probability can be duplicated with profit in other sections of the state. The Commercial Club of Paris has for several years been trying to bond the county for one million dollars to improve its public highways, but a quiet canvass proved that the plan would be defeated at the polls. The city of Paris was practically solid for the issue and the rural sections of the county practically solid against it. The city of Paris and the district enclosed in the heavy lines shown on the map was paying 60 per cent of the county tax and comprised less than 10 per cent of the county area. The county tax money was being divided equally among the four county commissioners and spent on practically an area basis. By shifting from an area to a property valuation basis of disbursing the road funds, the Paris precinct would get 60 per cent instead of 10 per cent of the money. This difference would take care of the interest and provide a sinking fund for the bond issue. A special act of the legislature was necessary to permit this but it was secured without opposition. The plan would give those who wanted better roads a chance to secure them without cost and it would also give those who did not want them worse roads; and everybody would be satisfied.

Another feature of especial interest was the provision for a special board to

disburse the fund. This board consisted of seven members, four elected at the polls and the County Judge, County Clerk and Road-Commissioner ex-officio members of the board, the citizen members to draw \$2.00 per day while in session and their term of office to last throughout the expenditure of the bond issue.

#### Prolonging Life.

While no way has yet been found to make life perpetual, it is a fact that life can be prolonged. Many people die before their time because the organs become clogged and cannot do their work. To keep the body open, active and free from impurities there must be no constipation, dyspepsia, flatulency, liver troubles, etc. If old or young people suffer from these complaints they can find a ready cure with Dr. Caldwell's Syrup Pepsin. It is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello Ill. It is sold by all Dealers at 50c and \$1.00 a bottle.

It's always surprising how much deeper a hole is after one gets into it!

#### Do Ghosts Haunt Swamps?

No, Never. Its foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous, and lowlands. These are the malarial germs that cause ague, chills, fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell, of Lucama, N. C., "and I've had fine health ever since." Use this safe, sure remedy only, 50c at W. H. Windrow's.

Single blessedness is considered better than twins!

#### It Matters Not.

No matter the name; no matter the place; if you are afflicted with intolerable excruciating itching sensation, you want a cure and want it quick.

Hunt's cure is an infallible, never failing remedy. It cures. 50c. per box and strictly guaranteed.

Things go wrong when they refuse to go your way!

#### Texas Corn

Texas is a world's force in agriculture. Withdraw our farm products from the market and the people of two hemispheres will go hungry and shiver with cold. Out of the soil and from the air our farmers take annually nearly a billion dollars of wealth. In plowing the land the Texas farmers walk 330,000 miles per annum, which is equal to traveling around the globe 13,200 times.

1910 VALUE PER ACRE

The chief products of Texas in order of their value, as estimated by the Federal agricultural department for 1910, are cotton, corn, wheat, oats, hay, rice, potatoes, etc. Cotton as the leading product is far ahead of its rivals. Corn occupies second place without challenge. Wheat and oats have been disputing for third place, but the separation this year is so pronounced that there can be no longer any controversy over their respective positions.

An examination of our cereal products dispels the idea that Texas is a one-crop state. In 1910 we harvested 233,000,000 bushels of grain. Although a bushel of oats weighs less than a bushel of any other grain, yet there is some significance in the total quantity of all cereals produced. Our cereal belt is following closely behind the plow as it turns the virgin soil, and we have so far found no geographical limitation placed upon it by nature.

Our corn acreage in 1910 was 8,800,000 and production 181,280,000 bushels and it had a farm value of \$114,206,000. This corn was raised in 120 days, making an average production of approximately \$1,000,000 per day. We raised 20.6 bushels per acre at a farm value of \$12.98 per acre. The corn crop of 1909 and 1910 will purchase the railroad of Texas using the railroad commission's valuation on railroad property.

This giant industry has scarcely begun its development in Texas and the possibilities of extending the corn area and increasing the yield per acre present a wide field for enterprising farmers and there are millions of acres of idle land in the corn belt.

#### BISHOP KINSOLVING NOT A STATEWIDER.

Believes the Present Movement  
in Texas a Fallacy.

Houston, Texas, May 1.—Bishop H. Kinsolving of the Episcopal Church on his recent visit to Houston from Austin stated without reserve that he is opposed to state-wide prohibition. Bishop Kinsolving was making a tour of his diocese, visiting towns in Eastern Texas.

"I am for high license and local option and a strict enforcement of the law against intemperance," he said. "I do not believe in the wisdom or expediency of state-wide prohibition. I believe there are better ways of controlling the liquor question."

"I have been almost a total abstainer all my life. I have a perfect right to put prohibition upon my own stomach—but not on anybody's else—by legislation. In college I found some who drank wine, but I did not. I found some who used tobacco, but I felt no desire or need of it myself."

"If I see another who wishes to smoke cigarettes I have no right to put my hand at his throat and tell him he must quit. I do not have to use them myself. Local option does good in a small town. I have seen small towns improved by it. But I do not think it wisdom for the small towns to try to dictate to the cities."

In speaking of the enforcement of the law Bishop Kinsolving remarked that if a man became a violator of the laws requiring sobriety he should "be thrown into the calaboose."

"Others may disagree with me," said the bishop. "That is their right. I have no quarrel with them. They should have the right to think as they please."

"But they should recognize the rights of others to do as they please. We should not force an unwelcome condition upon any section of the state. That is why I think high license and local option is the fairest solution of the question."

#### THE ANTI-ORGANIZATION

Plans to Avert Bickering, Also  
Turmoil, in Texas.

Col. J. E. Wolters, chairman of the executive committee of the Anti-Statewide Prohibition organization, in explaining its purposes and plans said:

"For the purpose of averting from Texas the unsettling turmoil, bickering, personal and political animosities and disturbed business conditions which have resulted in those states which have tried the state wide prohibition theory, a number of farmers, cattle raisers and business and professional men have organized in every county of the state."

"The organization numbers among its membership citizens in every line of industrial effort from the wage earner to the capitalist, and its various county and precinct officers are men who stand high in the esteem of their fellow citizens."

"Some of the members are local optionists who prefer the closing of the saloons in their respective communities, but they also believe in the great American principle of local self-government and will not vote to impose their code of habits on another community which does not desire them. They believe regulation the best plan to improve morals and effect temperance."

"Texas now enjoys a great wave of prosperity, and the members of the organization do not believe in unsettling the conditions under which it is now rapidly developing."

"If a small part of the enegry which has been expended in our state in an attempt to lessen the evils of intemperance by law had been directed to the creation of a strong public sentiment against intemperance a greater advance would have been made. Instead of relying upon the good judgment and intelligence of our fellow citizens, and their desire to make the most of life and its opportunities we have pursued the false course of relying upon law."—From the inaugural address of Governor Frederick W. Plaisted of Maine.

## Who Was There That You Knew?

In the shadowy ranks of those who marched to defeat or death or victory fifty years ago in the mighty conflict that convulsed this great nation, is there a father or grandfather or uncle of yours? Would you like to see a photograph of him in that long ago day of his youth—a photograph that he never knew taken? Perhaps we can show you one; and in any case, we can tell you a story, stranger than any detective fiction, of 3,500 priceless photographs that were lost and are found again.

## 3,500 Long Buried Photographs of the Civil War

THEY were taken by the greatest photographer in the United States of that day; they were bought by the United States Government for \$50,000; they were buried in the War Department for 50 years—they are buried there still. But a duplicate set was kept by the photographer—who died poor and broken down; that duplicate set was knocked from pillar to post for nearly 50 years, until it was discovered by a New England collector. J. Pierpont Morgan tried to secure the collection—Ex-President Garfield and General Benjamin F. Butler said it was worth \$150,000—yet with the help of the REVIEW OF REVIEWS, the entire collection has been gathered into 10 great volumes and is placed within your reach at less than the value of one of the photographs. It is the one accurate, impartial history of the Civil War—for the camera cannot lie. It tells the story of the War you never heard before. Taken under protection of the Secret Service, these photographs bring to light thousands of little-known phases of the war; they penetrate to strange places and record strange things.

## PROHIBITION IN UNITED STATES

Of Twenty-Nine States Trying It but Eight Remain Dry.

### THIRTEEN CHANGE BACK

After Fifty-Three Years of Futile Statewide Experiment Maine Is to Reconsider the Question In September.

The history of the state-wide movement in the United States tells its own story, and is as follows:

ALABAMA—Adopted prohibition in 1908; repealed in 1911.

CONNECTICUT—Adopted in 1854; repealed in 1872.

DELAWARE—Adopted in 1855; repealed in 1857.

GEORGIA—Adopted prohibition, 1908.

ILLINOIS—Adopted 1851; repealed in 1853.

INDIANA—Adopted in 1855; declared unconstitutional.

IOWA—Adopted partial prohibition in 1855; full prohibition in 1884; mule law in 1893, which has the effect of local option in communities where prohibition is not desired by the majority.

KANSAS—Adopted constitutional amendment in 1880.

MAINE—Adopted prohibition in 1846, repealed in 1856; reenacted prohibition in 1858; Plasted, an avowed anti state wide prohibitionist, was elected governor last fall on the resubmission issue. Question will be resubmitted next September.

MISSOURI—Rejected state wide prohibition November 8, 1910, by 218,281 majority.

MICHIGAN—Adopted in 1835; repealed in 1875.

MISSISSIPPI—Adopted in 1908.

MASSACHUSETTS—Adopted in 1852, repealed in 1868; readopted in 1869, repealed in 1875.

MARYLAND—Adopted in 1855; repealed after few months.

NEW HAMPSHIRE—Adopted prohibition in 1855; repealed in 1903.

NEW YORK—Adopted in 1855; declared unconstitutional.

NEBRASKA—Adopted in 1855, repealed in 1858.

NORTH DAKOTA—Adopted in 1889.

NORTH CAROLINA—Adopted effective in 1909.

OHIO—Adopted in 1855; annulled by a license tax law.

OREGON—Rejected it in 1900.

OKLAHOMA—Adopted in 1907.

PENNSYLVANIA—Rejected in June, 1889, by 194,556 votes.

RHODE ISLAND—Adopted in 1852, repealed in 1863; readopted in 1886, repealed in 1889.

SOUTH DAKOTA—Constitutional provision in 1890; repealed.

TENNESSEE—Adopted prohibition effective in 1909.

VERMONT—Adopted in 1832; repealed in 1903.

WEST VIRGINIA—Rejected in 1888.

WISCONSIN—Adopted by legislature in 1855; vetoed by governor.

Now under prohibition.

Thus 29 of the forty-six states at one time or another have considered prohibition. Of these only eight remain in the prohibition column. As the governor and legislature of Maine were recently elected on an anti-state wide platform it is likely that Maine will restore some form of the local option system at the polls next September after a futile and expensive trial of 53 years.

PORTER GIVES OPINION.

Is an Advocate of Temperance and Local Option.

Waco, Texas, May 1.—"Am I opposed to state-wide prohibition," exclaimed Hon. S. W. Porter of Sherman, when questioned while in attendance upon the I. O. O. F. convention recently held here.

"Young man, I am in favor of personal liberty and believe that local option is the only solution to the liquor traffic problem.

"I believe that Grayson county will go 55 per cent against state-wide prohibition at the coming election, although, nominally it will vote 500 or 600 in favor of local option.

"Incidentally young man, I am a non-drinking anti-prohibitionist and therefore am not one because I want more whiskey and cheaper whiskey."

### Failed in Health

"My mother died six years ago," writes Miss Ruth Ward, of Jerseyville, Ill., "and left me to care for six children. I had never been strong; and this, with the shock of her death, was too much for me.

"I failed in health. I was tired all the time and did not want to go anywhere, nor care for company. I had the headache all the time and such bearing-down pains.

"A very dear friend advised me to take Cardui, as it had done her so much good, so I commenced to use it and now I am in good health."

Take **CARDUI**

The Woman's Tonic

Women's pains are relieved or prevented and women's strength is quickly restored, by Cardui, the woman's tonic. You yourself know best if you need it, or not.

If you do need it, do not delay, but commence to use it at once. Every day of delay only lets you slide further down the hill.

Don't wait, then, but begin to take Cardui today, for its use, no matter how prolonged, cannot harm you and will surely do you good.

Hengstler and Morris went over and saw Medero and his men. Messrs. Hengstler and Meyer will leave for San Antonio again Saturday and from there they will go to their home at Altoona.

## Cupid's Capers.

PICHOT-BENDELE.

Mr. Adolph Pichot and Miss Minnie Bendele were happily married at the home of the bride's parents, Mr. and Mrs. Geo. H. Bendele, Wednesday afternoon, May 24, 1911. Rev. M. L. Darby, pastor of the local Methodist church officiated.

After the marriage ceremony the happy pair left for San Antonio on a brief bridal tour, after which they will be at home on the farm northwest of town. Mr. Pichot is one of Medina County's most up to date young farmers, the son of Mr. and Mrs. Albert Pichot. He is to be congratulated upon winning so worthy and charming a help mate as Miss Minnie, whose friends are numbered by her acquaintances.

The Anvil Herald joins in the congratulations and best wishes of all friends of the happy pair.

## BURGIN-JONES.

Mr. J. D. Burgin of Yancey and Miss Bertha Jones of Uvalde were happily married at the home of the bride Wednesday afternoon, May 24, 1911. Elder H. S. Ball, pastor of the Primitive Baptist church at Yancey and a brother-in-law of Mr. Burgin, performed the ceremony.

After a honeymoon trip to Ft. Worth and other north Texas points, the happy couple will make their home in this county, either at Yancey or in Hondo.

We join the many friends of the contracting parties in extending congratulations and best wishes.

## Adventure With Sharks in the Gulf.

Messrs. William Volbrecht and William Schmitt, two well known business men of San Antonio, are guests at the Pavilion hotel. They are not lobsters, but they are as red as that variety of crustacean, having been on the water for a week's cruise and fishing. They have fished all along the coast from Point Isabel to Tarpon and report some rare sport. They tell a thrilling story of an adventure with a school of sharks in the gulf which were fighting for a tarpon hooked on a line and came near upsetting the boat. Messieurs Volbrecht and Schmitt got enough thrill out of the affair to last them until the prohibition election comes off in Santone. -Corpus Christi Caller.

Hondo and not San Antonio claims Mr. Schmitt, who returned here Saturday evening from his trip. Considerable sunburned but none the worse off for his experiences on the briny. His friends here are glad the sharks did not get him!

# WANTED

## FIFTY YOUNG PEOPLE!

"There is a great difference between a young man looking for a situation and one looking for work."—Leslie M. Shaw

There is a fine opening right now for fifty young men and women in the Yeoman organizing department. I know of no business which presents better opportunities for a young person who is looking for work than a Yeoman deputyship. Hundreds are making good. You can, too, if you have fair intelligence, a good address and will make a conscientious effort.

Prepare to give us a sixty day trial. Thousands of towns and villages have no Yeoman Homesteads. If you succeed, we will look after your advancement.

Write me today--now, for information.

I am now ready to serve my old customers, which I shall do to the very best of my ability, and solicit the patronage of new ones. J. C. Greer, Tailor.

The walls of the new Lutheran church are going up rapidly and will probably be completed by the last of next week. The building will present a very attractive appearance when completed.

Work was begun on the new ice factory here last Monday. The building will be 80x50 feet and will be constructed of corrugated iron with fire proof roof. The building will be large enough to house the ice plant, the light plant and also a cold storage, and office for the manager. A car of the machinery has arrived and is being unloaded. Work will be pushed as rapidly as possible and it is expected that the factory will be turning out ice some time in July.
